Üretimden tedarike

From manufacturing to supply

Ata Plastik, 1999'dan beri otomotiv klipsleri, plastik bağlantı elemanları ve çeşitli yedek parçalar üretmektedir. Kalıp, üretim ve kalite kontrol süreçlerini kendi bünyemizde yöneterek müşterilerimize istikrarlı ve güvenilir tedarik sunuyoruz.

Ata Plastik has been manufacturing automotive clips, plastic fasteners and a range of spare parts since 1999. We manage mould making, manufacturing and quality control in-house to provide our customers with a consistent and reliable supply.

Katalog nasıl kullanılır? / Using this catalogue

Ürün seçiminde ATA stok kodunu ve katalog referanslarını kullanın. Fiyat ve tedarik bilgisi için ürün kodu ile talep ettiğiniz adedi iletin.

Use the ATA stock code and catalogue references to identify products. For pricing and availability, send us the product code and required quantity. Product cards link to our website.

Marka adları ve OEM kodları yalnızca tanımlama ve eşleştirme amacıyla kullanılmıştır. Araç uyumluluğunu sipariş öncesinde doğrulayın.

Vehicle brand names and OEM codes are used solely for identification and cross-reference purposes. Please confirm vehicle compatibility before ordering.
